Further to the discussion we had on tow trucks, attached is the list of AB companies that the RCMP has contacted.

As discussed here is the follow up:

- JSG will go through this list and follow up with the few operators that didn't flat out say 'no' to the RCMP
- Grant will follow up with energy companies and related industry contacts
- Rae-Anne will contact her counterparts in BC and SK, contact road builders, and, look into purchasing tow trucks for the GOA
- Brandy will contact municipalities to see if they might be able to loan equipment.

In addition to purchasing tow trucks, maybe there is an option to lease? This might be a quicker option? Rae-Ann can you look into this as well?

If you could report back by mid afternoon tomorrow I can put together a collective response that we can send to Ray.

Let me know if you have any questions.

Thanks
